Follow Up Action Required	Action Responsibility	Action By Date	Report To & By Date	Follow Up Status

ITEM 2: REGISTERED ALUMNI ASSOCIATION**Details:-**

This is for student purpose.

Dr. Pankaj said, here we have to form a separate committee for all the students who had passed out from our institute, form a body out of it. We have a few names with Mr. Pramod, by using that we can register ourselves as a society or company act. Out of this two we can go and register ourselves and an account in the bank and this committee will look after. Our committee will co-ordinate with that another body with actual Alumni Association committee and we will co-ordinate with them with the proper work that is the role that which we are expecting with this committee. And we need to keep a watch and then there is finance and all other activities. We need to have money in that account for Alumni activities.

ITEM 3: ALUMNI CONTRIBUTION (MONETARY)**Details:-**

1. Capt. Dr. Apandkar said, that call we will take once we are registered and everything is in place, that if we are trying to get some activities for Alumni and what would be the subscription fees and different activity and how we will inform them and we need to seat and plan together. That we can talk to various Course In charges, what all they want to do, for example we have a annual meeting and we have a monthly magazine which is circulated within us only and then once we have a association, their email ids we can circulate with them also and then they will know what all we are doing for the Alumni and then we can plan for theirs get together regularly, so for that purpose we will require a some expenses and that will take care as a foundation. Continuous support to be given to some other extra activities like job placement, help and all that some of the Alumni can come. So all this thing we can do but you will have to mainly co-ordinate with the Course In charges.
2. Before this pandemic, Capt. Irani, who had gone back five batches and had everyone email ids and contact numbers. If we are ready, then take that all the details of the boys and the list batch wise from Mr. Pramod.
3. We have to do this as per the regulation, but this is the very good thing because the student can connect and if we can remember before pandemic we have started all this. There was a 1999 batch which came and then Capt. Shashank's batch has come and this people contribute a lot by way of giving jobs, tie-ups, financially helping and we can do all this thing. But we definitely need to have proper registered organization to do this entire thing.

Mr. Ganesh rightly said that no point of taking money in the foundation account and it has to be proper Alumni account.

3. Mr. Ganesh said that first we will decide whether going for the company regulation or Charitable organization, because company is better and because Charitable organization will be too TDS matter to handle.

5. Mr. Pramod added that Mr. Bhatti sir is also collecting the forms from all BSc and DNS students and contact numbers are also saved with him.
6. Capt. Dr. Apandkar said, we will work on the back drop and collect all the data for the last 4 to 5 years of the student. We will contact and make an email id of Alumni Association and we will add other in that list. Will once again remind the Appex team about this.

Mr. Paul said that some time long back some LKM students have collected a huge data of Ex-students, they had done it at the library and they had post card all this to the previous students, the data may be saved in the library. Need to check in the library which can come handy for this purpose. We have increase the base of these Alumni. Some of these Alumni students are well to do and very influential and we should get something out of it.
