| 9.      | PST REF          | 69                |
| 10.     | FPPF REF         | 67                |
| 11.     | MFA REF          | 74                |
| 12.     | Tata Consultancy | 02                |

12. Six B.Sc(NS) cadets batch no. 13, sponsored by Fleet Management, are as follows:

1. Karan Singh Jaraut
2. Sahil Dhamapurkar
3. Rahul Malhotra
4. Lalit Kumar Verma
5. Courtney Elvis Fernandez
6. T Sree Pavan

CIP Audit will be carried out by Capt. Mathur on 28th & 29th January 2021.

## Catering Training

26 students of the third divided batch of CCMC batch 28 arrived in the campus on 13th Jan 2021 for practical classes. They were in quarantine for 14 days. This is the final group from batch no 28 to complete the CCMC course. They will be completing the course on 4th March 2021. 27 students of second divided batch will appear for the final examinations on 28th Jan 2021. The practical classes are being held in the campus with strict social distancing norms.

**Food Production Practical in progress with social distancing**

As CCMC batch no 28, which commenced on 1st Jan 2020 could not be completed due to lockdown, commencement of new batch was postponed to Jan 2021. Classes for the new CCMC batch commenced online on 1st Jan 2021. Mr. Cletus briefed the students about the course and conducted a lecture on netiquettes. One third students from this batch will be arriving on the campus on 19th Feb 2021.

**PRE-SEA SECTION**

**A JOURNEY OF A LIFETIME**

A new chapter in my life began on 1st January 2020 when I decided to be a seafarer and pursue the GP Rating course at TS Rahaman. Determined to fulfil my goals, I had to adapt to the new rules and regulations which I found difficult initially, but I was able to blend in just fine. I have stayed in various hostels in the past while touring different cities but nothing comes close to our 'Serang' hostel. Our wardens were kind, yet firm and strict when we faltered. Like parents, they guided us with advice and warning. They played an important role in helping us follow the daily routine from 0500 hours to muster at 2100 hours. Beginning the day with parade was an unusually experience, but as a sportsperson myself, it was easy to conform to the requirement of being fit and healthy. The faculty was incredible too, with their tremendous subject matter content and years of experience. Gaining first- hand knowledge through narrations and discussion of their sailing experience made it much easier to understand new concepts. I was attracted to this from the very first day since this knowledge is extremely essential on board. In the first 10 weeks, we were all well settled and were just beginning to get into form when the lockdown began due to the COVID-19 pandemic.

Initially we were all excited to go home but who knew then what was meant to be. We were worried about the situation but hats off to the management and faculty for working so smart and helping us complete our theory through virtual classes. I am sure it must have been as challenging for them as it was for some of us who were new to this concept of learning. Month led on to month and soon we realised that 7 months had passed and we were yet to complete our course. But there was light at the end of the tunnel.

Our institute soon announced the schedule for practical training on the campus and batches of 40 trainees each were formed, to complete the practicals. I was fortunate to be in the first batch. I must admit I've never been happier to return to academics, but things had changed at TS Rahaman. Social distancing was enforced and rules had to be strictly followed, the key factors as always- discipline and hard work. I am proud to have completed my training from such a prestigious institute considering everything the world is facing.

It has been a difficult period for all of us but I am glad to have overcome all obstacles and come out victorious.

**MANPREET SINGH**  
**GP-II (BATCH 65)**

## LEARNING TECHNOLOGY OF TODAY AND TOMORROW

The pandemic has significantly disrupted the education system all around the world leading to the near total closures of schools, colleges and universities. The only solution to this was E-education or online education through means of video conferencing, but is it really that beneficial?

As a college student I have experience both, traditional learning and e-learning. The differences is exceptional in three main dimensions- access to learning, classroom space and the possibility of implementing innovative teaching practices. With the start of the pandemic and the lockdown, many of us made required arrangements such as better gadgets and upgraded network service, but there were some who lived in small towns and villages and were not able to attend the online classes due to lack of internet facility and shortage of power supply, for others, family issues. Not only students but teachers also faced problems in adapting to technology. Subjects like Chartwork, Seamanship and Navigation Lab practical require physical presence and interaction between the trainer and trainee which online classes could not offer. Online classes might be effective for some however most students learn by doing, seeing, and being able to interact with their teachers. According to me; technology is unavailable to all, to be able to adapt to online teaching and learning. However, in future with its development or integration with technology like Hologram, Virtual Reality, etc. students and teachers may be able to interact efficiently and overcome all barriers.

In the present scenario, with no alternative to virtual classes, learning must go on in the best way possible. Each has their pros and cons and adjusting to both will take time. Currently, virtual classes may be the only option for academic progress but we cannot forget the advantages of classroom teaching. Virtual classes can be attended from the comfort of your home or any place convenient at that time but classroom teaching enables interaction and learner participation. While we conform to the new pattern of learning for the future through virtual classes, let us enjoy the classroom environment amongst mentors and friends, which I thoroughly did, during the practical training on the campus.

## February 2021

The Annual General Meeting was conducted on the campus on 30th January 2021.

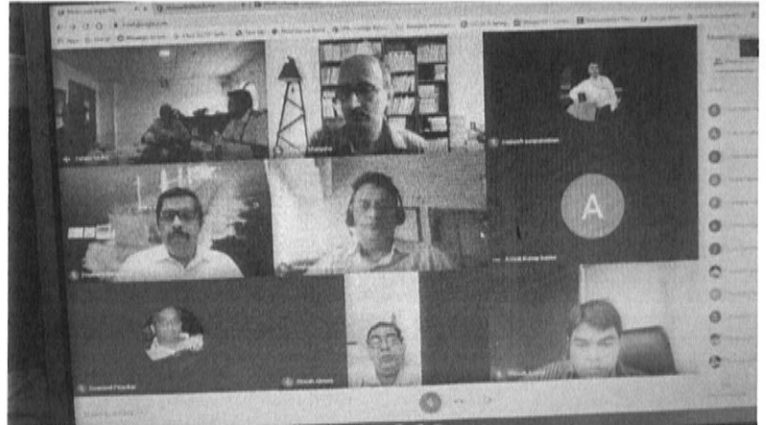

Annual General Meeting

Capt. (Dr.) Ashutosh Apandkar attended an online virtual meeting with Indian Maritime University for PhD preparation on 3rd February 2021.

Capt. (Dr.) Ashutosh Apandkar attended the live training cum interactive session organised by Indian Maritime University on 11th February 2021.

Capt. (Dr.) Ashutosh Apandkar attended online a virtual meeting with PSCRB department on 11th February 2021.

Online virtual mock test for DLP candidates was conducted by Indian Maritime University on 11th and 12th February 2021.

Practical exam of IMU DNS batch no. 21 & batch no. 22 was conducted on the campus on 12th February 2021.

Capt. Rohan Sabnis, Capt. Uday Sane, Capt. Nasjeet Singh and Mr. Santosh Kattimani from Goodwood Ship Management conducted campus interviews for B.Sc. (NS), GME cadets & GP Ratings on 17th February 2021. Yadav Vijay Ravsaheb, Joyal Tomy, Gokul Krishnan, Anuj Milind Chodankar, Siddiqui Salman Ahsan Ali, Harsh Sanjay Divate, Abhishek Santosh Singh, Vinay Naresh Wadher, Navdeep Sharma, Alok Kumar Bhushan, Dipteshkumar Krishna Patel, Hardikkumar Shraavanbai Tandel, Amal Chandran, Nihil Kumar were selected in by Goodwood Ship Management.

Online examination for GP Rating Batch No. 65 was conducted on our campus by BEST external examiners on 18th February 2021. Mr. Devendra Koli and Ms. Darshana Sandbhor conducted the exam.

Practical and Oral examination for GP Rating Batch No. 65 was conducted on our campus by BEST external examiners on 19th & 20th February 2021. Capt. Rajgopal Panigrahi & Mr. Rajendra Kumar Joshi conducted the exam.

FY B. Sc. (NS) Sem I exam was conducted from 22nd to 26th February 2021.

GP I batch no. 66 had reported to the campus on 27th /28th February 2021 and were quarantined for a period of 14 days till 14th March 2021.

A Scholarship of Rs. 1 lac for women seafarers was awarded by DG Shipping for women seafarers to Girl cadet Ms. Sakshi Kushwah of IMU DNS Course batch no 23.

GME 08 MDL 1st batch completed their practical training on 25th February 2021. They were given all their original certificates, MDL training certificates and TAR book duly signed on 26th Feb 2021.

GME 08 MDL 2nd Batch (7 Cadets) started their 14 days Quarantine period on 12th Feb and later started MDL training from 26th Feb 2021. They are likely to complete all their practical training on 21st May 2021 and leave campus with all certificates.

Number of Candidates trained in various courses for the month of February 2021 are as follows:

| Sr. No. | Course           | Total Candidate |
|---------|------------------|-----------------|
| 1       | AFF              | 94              |
| 2       | MFA              | 80              |
| 3       | PSC & RB         | 95              |
| 4       | MFA REF          | 78              |
| 5       | REF AFF          | 71              |
| 6       | REF PSCRB        | 87              |
| 7       | REF PST          | 95              |
| 8       | REF FPFF         | 96              |
| 9       | GMDSS GOC INDIAN | 8               |
| 10      | GMDSS UK         | 7               |

## March 2021

Capt. (Dr.) Ashutosh Apandkar attended an online virtual meeting with all course incharges on 1st March 2021.

Capt. (Dr.) Ashutosh Apandkar attended an online virtual meeting organised by DG Shipping on 9th March 2021.

MOL Maritime conducted online interviews for 15 GP ratings batch no. 65 on 9th March 2021. Out of 15 ratings the following 2 were selected are as follows:

1. Hritik Sanjay Morya
2. Sudhanshu Kumar Verma

Capt. Deepak Tamras, Capt. Subhendu Hati & Ms. Manjusha Devkule as external examiner conducted online Practical exam of IMU DNS sem II batch no. 22 on the campus on 11th March 2021.

List of passed out of B.Sc. (NS) Cadets batch no. 13 & GP Rating batch no. 65 was forwarded to Chellaram Shipping on 13th March 2021. (Result awaited).

Half yearly details of all teaching faculty, professors and instructors from January to June 2020 & July to December 2020 was submitted to DG Shipping on 15th March 2021.

Half Yearly Returns for Pre-Sea, Post-Sea and STCW Modular Courses from January to June 2020 & July to December 2020 was submitted to DG Shipping on 15th March 2021.

DGS Annual 1% payment for the year 2019-2020 was paid to DG Shipping on 15th March 2021.

Capt. (Dr.) Ashutosh Apandkar attended a meeting in with GAMMA Marine on 17th March 2021.

IMU Affiliation fee for August 2021-2024 was paid to Indian Maritime University on 19th March 2021.

ASP Ship Management conducted online interviews for 6 passed out B.Sc. Nautical Science cadets on 23rd March 2021. Result awaited.

Online End Semester Examination of IMU DNS batch no. 23 sem I was conducted from 22nd to 31st March 2021.

GP II batch no .66 had reported to the campus on 27th /28th March 2021 and will be quarantined for the period of 7 days till 3rd April 2021.

After DGS latest circular in March 2021, on conducting practical for Pre Sea Training, remaining trainees of GME batch 08 came to TSR campus on 29th March 2021 for 7 days quarantine and will start their MDL training will commence 4th April 2021 along with GME 08 MDL 2nd Batch. These cadets will complete their MDL & other training on 25th June 2021.

On Saturdays and Sundays when MDL training is was not held, TSR campus arranged Training at Sagardhan workshop and Electrical Lab to compete the TSR campus Practical part.

### **GME 09 Batch**

- ✦ Course started on 2nd November 2020, Cadets INDoS was updated. Course started thereafter.
- ✦ GME 09 is undergoing theory classes at present and likely to complete theory by end of April 2021. They will give exams there after.
- ✦ They are planning to complete the STCW courses (Theory) sometime in April 2021.

### **Other activities:**

- ✦ FMER Simulator being tried out, unsatisfactory, needs ARI attendance.
- ✦ Sagardhan Maintenance carried out regularly.

### **WORKLOAD FOR THE MONTH OF February & March 2021 FIRE FIGHTING DEPARTMENT**

- ✦ Cleaning of hard ground (fire fighting) and watering plants
- ✦ Cleaning of safety helmets and safety shoes carried out
- ✦ Running and maintenance of BA air compressor.
- ✦ Routine maintenance carried out on fire fighting equipment: hoses, Nozzles, High Exp. Foam generator, Portable Extinguisher. Fire Main line & fire pumps.
- ✦ BA set maintenance carried out.
- ✦ 26 in No. of BA sets checked by technician from Vijay Sabre centurian pvt ltd.
- ✦ 17 in no demand valves found defective report made and sent to course in charge.
- ✦ Deck foam & Deck DCP system operated after long time checked and found ok nitrogen cylinder sent for refilling & maintenance carried out.
- ✦ Smoke generator weekly test carried out.
- ✦ Weekly Mockup inspection and cleaning carried out.
- ✦ Fire cages and fire tray cleaned. Changing of wood in fire cage.
- ✦ Inspection and maintenance of portable extinguishers.
- ✦ Official paper work carried out as and when required
- ✦ One in number desktop computer received for office use
- ✦ A Compressor No.3 belt broken. Sample sent for procurement and starter replaced with new. BA compressor No.2 drain valve repaired and 'O' ring and seal replaced with new.

BSc Maritime Hospitality Studies admissions commenced in the month of May 2020. Even though the lockdown had a strong negative impact on college admissions, we managed to enrol 45 students in BSc Maritime Hospitality Studies. Classes for the new batch Commenced on 15th Sept on Zoom. For commencement, a Zoom meeting with the Students, parents and faculty was organized.

### Examinations and Results

Final examinations of First year and second year BSc Maritime Hospitality Studies were held by online mode in May 2020 as per the University guidelines. Final Year exams were postponed to October 2020. 76 out of 79 students from CCMC batch NO 27 passed the Exit examinations conducted by Board of Examinations for Seafarers.

TY BACA Batch no. 03, Vth sem. result was declared on MU website, all 40 students passed with 100% result.

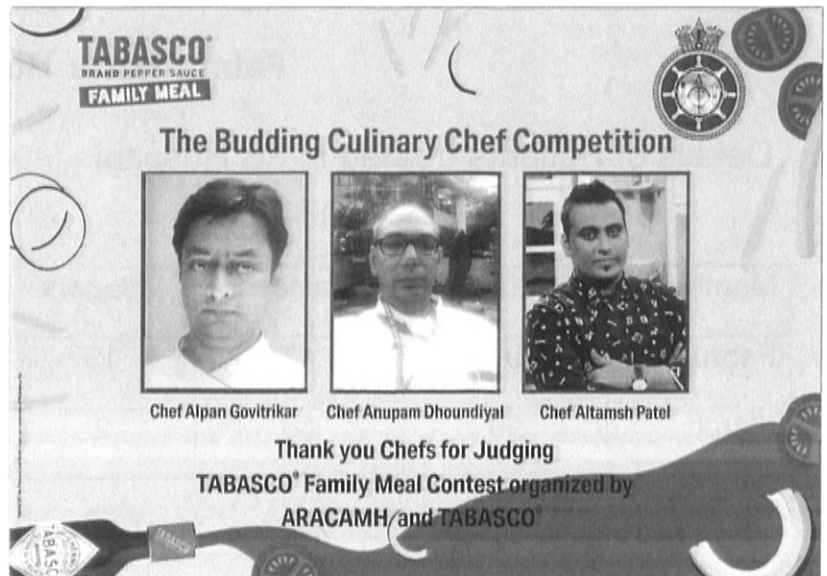

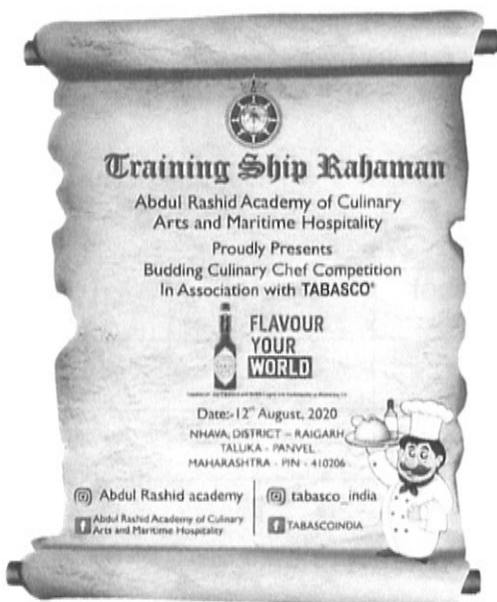

A 10 days course on **Continental Cuisine** for 08 candidates of **Northern Marine** was held from 08th March 2021 to 18th March 2021.

BW Maritime selected 5 students from BSc Maritime Hospitality Studies. Four students from BSc Maritime Hospitality studies were selected by Anglo Eastern Ship Management. 66 students from CCMC batch 27 were also selected by Anglo Eastern Ship Management. Placement efforts have been initiated once again as the industry is recovering from the impact of the pandemic. Interviews of XT Ship Management, Mitsui OSK Lines and Anglo Eastern Ship Management are expected to be scheduled soon.

CCMC theory classes were held on Teams and Camu software. Daily classes were recorded as per DGS guidelines. Classes for BSc Maritime Hospitality Studies course are being held on Zoom app. Recordings of these classes are also being maintained.

Final year BSc Maritime Hospitality Studies students were scheduled to go for Industrial training in Hotels from April 2020. As the Hotels were shut due to lockdown, University has given permission to assign a research project work instead of Industrial Training. Students completed the project work and a Viva was conducted as a part of the Final evaluation of Fifth Semester.

During the second week of August, "Training ship Rahaman" in collaboration with Tabasco group of India held a "Budding Chef competition". 12th Aug 2020 witnessed - Great opportunities with bewildering creativity. Students of B.A in Culinary arts and Maritime Hospitality of T.S Rahaman took part in this competition. Participants under the guidance of mentors and chefs crafted an amazing distinction for the competition. The main agenda was to include Tabasco hot pepper sauce in an Indian cuisine dish. This competition was an open stage for experimenting and an opportunity to get out of one's comfort zone, leading the upcoming chefs to create a vision. And let just emphasize on the fact that the dishes presented by the participants were alluring.

A lot of work goes into making a competition successful, thereby Chef Alpan, the faculty of T.S Rahaman, the sponsors Tabasco group of India and the judge's committee Chef Altamash and Chef Anupam are deserving of a massive thank-you for their generosity and co-operation. Without such a strong base with an everlasting support, to hold a competition during this pandemic would be next to impossible.

**Prizes and certificates were awarded to the winners.**

1st prize was staged by Ketan Patil for Tabasco Masala Pav, T.Y. BA Culinary Arts

2nd prize was bagged by Ashok Kumar, TY BSc MHS for an amazing stuffing of Tabasco pepper flavoured Kadalai curry in Puttu.

3rd prize was bagged by Uzma Savardekar, S.Y. BSc MHS for her delicious Tabasco spiced murg de parche and ultatawa paratha with laccha pyaaz.

**Consolation prizes were given to:-**

1 Yahya Bhatkar, TY BA Culinary Arts

2 Abhishek Thakur, TY BA Culinary Arts

3 Gaurav Pedenekar, SY BA Culinary Arts

**Lady Khatun Marium School & Junior College**

The school reopened in February 2021 to facilitate offline classes for class 10 and 12 as well as to complete the practical syllabus for the forthcoming examinations of class 12. During this period, a preliminary examination was also conducted for the board classes.

Annual examinations organised on virtual mode for all the classes from 05th March to 17th March. Promotion meeting was held for all the classes with all concerned teachers. Annual report was sent to the parents on 31st March.

AISSCE Board Practical Examinations for Std. XII are being organised from 22nd March 2021 to 05th April 2021. External Examiners and observers (Principals) from various CBSE schools visited our school as per CBSE notification. Our teachers and principal also visited other schools as the External Examiners as well as observers for the same.

Nursery School Admission forms for the academic year 2021-22 was issued between 01st and 15th February 2021. Interaction with the parents was organized on 20th & 21st February 2021 to select the eligible students.

On the occasion of International Women's Day, Canara Bank (Ulwe Branch) felicitated our Class X topper Ms. Drushti Moreshwar Patil with a cash prize of Rs. 5000/-. They also provided financial aid of Rs. 10,000/- to one of our needy student Mst. Nihal Thakur who lost his father during this covid-19 pandemic.

**Funds Collected:**  
**Souvenirs: 900 Rs**

| <b>Name of the souvenir</b> | <b>Number purchased</b> | <b>Price</b> | <b>Total</b> |
|-----------------------------|-------------------------|--------------|--------------|
| Birds of Nhava              | 3                       | 300/-        | 900/-        |

### **Security**

General upkeep of the campus i.e garden, garbage clearing, and wild growth removing being done with available manpower.

Athletic ground Fire:- The dry grass and tree branches/leaves dumped in athletic ground caught Fire multiple time during the months, we had to take help from O.N.G.C's Fire Wing's help for putting off the fire as the dry material was burning fast and

We have cleared all the debris from the collapsed car parking area near the hospital.

We are deputing Security personals to Worli as Security guards at Worli are on leave or resigned. We have cut and removed all uprooted trees and couple of the leaning trees and also cleaned up the fence stretch from heights to Samander Mahal to make way for the maintenance staff to repair the fence.

Garbage burning is being done on daily basis at the existing incinerator, and discontinued burning at the ground, but heavy branches and coconut/palm leaves cannot be burned there as the incinerator is small.

Along with the entire available gardeners we have removed dry grass and other tiny bushes which came up on the athletic ground during the monsoon so that available labour can clean the rubbish laying in the ground.

### **Garden**

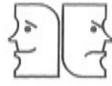

Gardeners are having a tough time due to shortage of man power and rising temperature, also one gardener is deputed to Worli as one of the gardener from Worli is on leave.

### **Automobile**

Maintenance Department managed to carry out body repair and painting of our both goods carrier which was in bad shape, Mechanics and Auto electricians carried out necessary fitting and wiring work post body repair and completed the work, now both goods carriers are good to use for next five years.

Ashok Leyland Staff Bus had some wiring problem and couple of times the entire power supply including ignition has gone off, We sent the vehicle to authorized service center at Palaspa, Panvel and got it repaired.

Available mechanics are managing with all necessary repair of kitchen equipment, Training facilities including the life boats and equipment, and water pumps and also necessary vehicle repair which comes up periodically.
